## Problem-Solving Hoses for Industry

Wet or dry, whatever your material handling or ducting needs may be, chances are there is a **Tigerflex®** thermoplastic hose that can provide an effective solution.

- Nearly fifty different styles, many with static dissipative features.
- Wide range of sizes.
- Excellent flexibility, even at lower temperatures.
- Most have clear construction with external helix for strength and ease-of-handling.
- Many meet FDA and USDA requirements and/or 3-A Sanitary Standards.

Our new 36-page catalog, complete with Application Guide, is now available. Call, write or fax us for a copy. Or visit us on the Web to download or view the **Tigerflex** catalog online!
